3. AmeriCorps© State Grant Program – September 10th

What Is the AmeriCorps© State Grant Program?

AmeriCorps© is a national service program that provides opportunities for participants, called members, to serve communities and build the capacity of organizations to meet local needs. Additional information may be obtained at www.americorps.org. AmeriCorps© State programs are awarded by the Governor's Commission on Service and Volunteerism (Commission) with funds from the Corporation for National and Community Service (CNCS), a federal agency. Additional information is available at www.nationalservice.org. Some CNCS programs include AmeriCorps© Indian Tribes, AmeriCorps© National, AmeriCorps© VISTA, AmeriCorps© NCCC, Senior Corps, and Learn and Serve America. AmeriCorps© grants bring human resources to strengthen communities. Programs are expected to yield a set of self-sustaining activities over time.

The following CNCS strategic initiatives will help develop civic responsibility ethics for those who strive to strengthen communities by engaging young volunteers and aligning their efforts with experienced baby boomers. The CNCS will also give special consideration to programs designed to engage veterans as service recipients or providers. The initiatives include:

- Mobilizing more Volunteers
- Ensuring a Brighter Future for all of America's Youth
- Engaging Students in Communities
- Harnessing the Experience of Baby Boomers

What Will This RFGA Fund?

This RFGA will fund approximately ten AmeriCorps© programs in rural, urban and tribal communities of Arizona that address specific problems of local communities and should be designed to address one of Governor Napolitano's priority areas and

address at least one of the CNCS Strategic Initiatives. The organizations that receive grants are responsible for recruiting, selecting, and supervising AmeriCorps® members to serve in their programs. Rural is defined as an area with a population of 75,000 or fewer. Tribal is defined as an area with a population of 220,000 or fewer and applicants must be federally recognized by the Department of Interior, Bureau of Indian Affairs. Urban is defined as an area with a population of more than 75,000. County is considered a program that serves a consortium of municipalities and/or operates a countywide program.

Who Is Eligible to Apply for These Funds?

School districts, Institutions of higher education (universities and colleges), Non-profit organizations (both secular and faith-based), Local, County, Tribal, and State government entities, and any partnership of the above listed entities (a fiscal agent must be designated).

All applicants must have the ability to leverage the required match. Program requirements, including requirements on match, are located in the AmeriCorps® regulations, modified by 2008 appropriations language, and summarized below. For the initial three-year grant cycle, the match requirement, as referenced in the chart below, is 24 percent. Starting with the second three-year grant cycle, the match requirement will increase every grant year up to a maximum of 50 percent match by year ten. Please reference 45 CFR 2521.60 for additional guidelines.

What is the Application Process?

Applicants must apply through a two step, formal, competitive RFGA process conducted by the Governor's Division for Community and Youth Development (GDCYD) and the Governor's Commission on Service and Volunteerism (Commission). Phase One requires applicants to submit a Concept Paper for the determination of programs that meet the minimum requirements of the AmeriCorps® State Grant Program.
